## Flooring Installer

Reporting to the Production Supervisor, the **Flooring Installer** plays a vital role for the Macklan Group of Companies. The ideal candidate will have experience in various flooring types and a strong understanding of construction practices. As a Flooring Installer, you will be responsible for measuring, cutting, and installing flooring materials while ensuring high-quality workmanship.

### RESPONSIBILITIES

- Measure and cut flooring materials to fit designated areas accurately.
- Install various types of flooring.
- Utilize hand tools and power tools effectively to complete installations.
- Collaborate with team members on site tasks, ensuring safety protocols are followed.
- Restore surfaces post-installation to ensure a polished final appearance.
- Maintain a clean and organized work area throughout the installation process.

### EXPERIENCE

3-5 years

### SENIORITY LEVEL

Mid-Level

### EMPLOYMENT TYPE

Full-time, onsite

---

### REQUIREMENTS

- Proven experience in flooring installation or related construction fields.
- Familiarity with hand tools and power tools used in flooring projects.
- Knowledge of construction painting techniques is a plus.
- Experience with cabinet installation is desirable but not mandatory.
- Strong attention to detail with a commitment to delivering high-quality work.
- Ability to work effectively in a team environment on site.
- Excellent problem-solving skills and the ability to adapt to various project requirements.

### Rate of Pay

Rate of pay is dependent on experience. Medical and dental benefits, RRSP matching, paid volunteer time, and 4% vacation pay each pay. All applications are strictly confidential. If you are interested in this rewarding career opportunity with us, please send your resume in confidence, to [careers@eastcut.ca](mailto:careers@eastcut.ca). We thank all applicants for their interest, however only those selected for an interview will be contacted.

## **A group of companies, with a singular purpose. We build community.**

The Macklan Group of Companies includes DORA Construction, EASTCUT Wood Building Solutions and SOMERLED Properties. Our combined expertise delivers better solutions for each client and every community we serve. Our passion for making a positive difference in the lives of Atlantic Canadians fuels our commitment to quality, affordable, lasting infrastructure. Our promise to future generations inspires our innovation in Net Zero, carbon-neutral designs.

The bedrock of our success is our deeply held values. We aim for excellence, continuously learning and growing. We act with integrity and accountability, building an environment of trust. We treat others as we want to be treated, supporting the well-being of our people and empowering safe, diverse and inclusive teams.

### **Manufacturing**

EASTCUT is leading an innovation revolution. We are harnessing the latest in offsite construction and manufacturing technology to produce Net Zero, eco-friendly building components and modular structures. We build high-quality, beautifully designed community infrastructure that delivers positive community impacts, *faster*.

### **Construction**

DORA builds solid. From large commercial and residential projects to meticulous restorations, our 20-year track record as one of Atlantic Canada's top builders speaks for itself. We embrace innovative building technologies, project management excellence and client relationship focus so that every project contributes to stronger communities.

### **Development**

SOMERLED houses our real estate, leasing and pre-construction capabilities. With a diverse portfolio of real estate assets, we focus on developing multi-residential communities, commercial properties, and managing long-term lease arrangements. Our deep expertise in preconstruction and planning contributes to smooth project operations across Macklan, from concept to completion.
